

14000-20000 VAC Twin

Overview

Large FlackTek™ machines are specifically designed for specialty and pilot production, as well as R&D requiring large batch sizes.

General Benefits

- **Bubble-Free Mixing:** Ensures perfect formulations without air entrapment, enhancing product quality.
- **No Cleanup Required:** Single-use containers eliminate the need for cleanup, saving time and resources.
- **Fast & Repeatable Results:** Provides consistent performance for reliable and repeatable outcomes, ensuring process stability.
- **Versatile Material Handling:** Efficiently processes and combines any material or viscosity, offering unmatched flexibility for diverse applications.

Technical Specifications

Max Material (Per Container)	Volume: 14L Weight: 10kg
Containers Per Run	2
Max Speed	400 RPM
Dimensions	(H x W x D cm) 142 x 163 x 206
Weight	1,814 kg
Electrical	208VAC 3-Phase 15A 50/60 HZ
Touch Screen	Color - 12.1 in
