

# 20000-20000 Twin

## Overview

Large FlackTek™ machines are specifically designed for specialty and pilot production, as well as R&D requiring large batch sizes.

## General Benefits

- **Bubble-Free Mixing:** Ensures perfect formulations without air entrapment, enhancing product quality.
- **No Cleanup Required:** Single-use containers eliminate the need for cleanup, saving time and resources.
- **Fast & Repeatable Results:** Provides consistent performance for reliable and repeatable outcomes, ensuring process stability.
- **Versatile Material Handling:** Efficiently processes and combines any material or viscosity, offering unmatched flexibility for diverse applications.
