

515-200 PRO

Overview

Recommended for environments such as R&D, formulation, lab screening, QA testing, and specialty production, the small line of FlackTek™ machines offers an innovative desktop-sized mixer.

General Benefits

- **Bubble-Free Mixing:** Ensures perfect formulations without air entrapment, enhancing product quality.
- **No Cleanup Required:** Single-use containers eliminate the need for cleanup, saving time and resources.
- **Fast & Repeatable Results:** Provides consistent performance for reliable and repeatable outcomes, ensuring process stability.
- **Versatile Material Handling:** Efficiently processes and combines any material or viscosity, offering unmatched flexibility for diverse applications.

Technical Specifications

Max Material	Volume: 515ml Weight: 200g
Max Speed	2500 RPM
Dimensions	(H x W x D cm) 53.3 x 30.5 x 40.6
Weight	36kg
Electrical	220-240VAC 10A 50/60Hz
Touch Screen	Color - 7 in
Other Features	<ul style="list-style-type: none"> • Manual Variable Speed Control • Individual Programming • 125 Customizable Programs - 10 Mixing Zones Per Program • Remote Operation Capable • Fully Lockable Programs • PC Connection for Data Analysis/Storage
